2019-02 -Fight between Old Faction and New Faction of Satpanth (1009)

This file as two audio recordings between followers of so called outwardly adopted new look Satpanth and followers of Old Satpanth (Original Satpanth)

This audio conversation records the infighting between the two factions... but more importantly records the tactics adopted by the so-called new look (reformed) satpanth to gain legitimacy as a hindu religion, but at the same time sticking to its islamic roots.

The strategy adopted by the so-called reformed NEW Satpanth is called Al-Taqiyya in Islam. It is to convince Hindus to make them feel that Satpanth is a sect of Hindu religion. Un-suspecting Hindu will look at outwardly symbols and get easily a feeling that Satpanth is Hindu religion thereby accepting it and following it.
